NEW! Spring break FUN for kids at the University of Nevada, Reno!

KIDS UNIVERSITY BREAK CAMPS

Spring 2016

Two Weeklong Camps • March 21-25, 2016
Two Weeklong Camps • March 28-April 1, 2016

Kids in grades 5-12 can choose from four themed weeklong camps, all designed to incorporate the academic STEAM components — Science, Technology, Engineering, Arts and Math — with a healthy dose of just plain FUN!

Choose camp 1 or 2 this week: March 21-25, 2016 (please note age groups)

1 CSI: The Science of Justice (For Grades 5-12)
Delve into real-world forensic science — the application of science to criminal law — to investigate and solve the fictitious murder of our fictitious victim Beulah Belvedere. You’ll be the detective to process the crime scene and collect and analyze evidence using tools and scientific procedures. Then use the clues to narrow the list of suspects and present your findings in a fictitious trial to nail the guilty party.

2 Like a Pro: Web Design and Computer Logic (For Grades 5-8)
Ever wanted to design and build your very own website? You’ll use a simple web creator to conceptualize and design complex websites like the professionals! You’ll also learn the basics of how the Internet operates, how others see your website, and how video games and computer logic relate. Using Minecraft as one example, we’ll see how it all works. As a team, we’ll also do a computer build from scratch!

Choose camp 3 or 4 this week: March 28-April 1, 2016 (please note age groups)

3 Health Care Heroes (For Grades 5-12)
Caring for people isn’t just a passion, it’s a privilege. Explore health care careers through innovative projects and hands-on activities in subjects like medicine, nursing, social work, dental science, nutrition, physical therapy, veterinary medicine and pediatrics. You’ll learn what it takes to work in these exciting fields, and can expect to perform a real dissection and sutureing, interact with patient simulators and medical technology, and even tour a hospital!

4 Totally Drones: All About Aerial Robotics (For Grades 9-12)
Get to know the physics of flight, build a fixed-wing radio-controlled (RC) model and fly small multi-rotor drones using flight simulators! You’ll learn the anatomy of robotic devices and the industrial applications for this new industry. Whether you want a fun pursuit or a full career in unmanned aerial systems (UAS), you’ll get the ins and outs (and ups and downs) of drone technologies, drone laws, ethical airmanship and more!

Space is limited! Register online, by phone or at our office!
Registration is available ONLINE 24/7 starting Tuesday, Feb. 16 through Sunday, March 27:
Register by phone, Tuesday, Feb. 16 through Friday, March 25, 8 a.m.-5 p.m.:
Call (775) 784-4062 or 1-800-233-8928
Walk-in registration is available Tuesday, Feb. 16 through Friday, March 25 from 8 a.m.-5 p.m. at our Redfield Campus offices in south Reno:
Extended Studies Enrollment Services, Room 224
Neil J. Redfield Building A
18600 Wedge Parkway
Reno, NV 89511
Complete information for camp registrants, including a schedule and mandatory health and parent/camper behavior pledge forms will be online by Feb. 16 at www.BREAKCAMPS.unr.edu.

Camp location and check-in
All camp sessions are held on the main campus at the University of Nevada, Reno.
Check-in: (Camp 1 or 2) Monday, March 21, 8 a.m. and/or (Camp 3 or 4) Monday, March 28, 8 a.m.
Sessions run Monday-Friday 9 a.m.-3:30 p.m. (Please pick up campers by 4 p.m. each day.)
Drop off and pick up your camper(s) at:
Fleischmann Planetarium on the University campus
1664 N. Virginia St., north of Lawlor Events Center, Reno, NV 89503
For more information, call Extended Studies at (775) 784-4046 or 1-800-223-8928.

KIDS University Break Camps are developed and offered by Extended Studies/KIDS University at the University of Nevada, Reno. For more about all our camps — Summer KIDS University and Lake Tahoe Music Camp, and Spring and Winter KIDS University Break Camps — call (775) 784-4062 or visit www.extendedstudies.unr.edu/youth.htm.
